

## Geospatial Information Technology (GIT) in Fragile Contexts

### Satellite Analysis and Applied Research

Type:	Course
Location:	Web Based
Date:	Free and Open Event
Duration of event:	2 Days
Programme Area:	Satellite Imagery and Analysis
Specific Target Audience:	No
Website:	<a href="https://unitar.org/sustainable-development-goals/satellite-analysis-and-applied-...">https://unitar.org/sustainable-development-goals/satellite-analysis-and-applied-...</a>
Price:	No Fee
Event Focal Point Email:	Mathieu.DOMINGO@unitar.org

### BACKGROUND

This e-learning course was created as part of the Earth Observation for Sustainable Development: Fragility, Conflict and Security project funded by the European Space Agency and aims to give a short but practical introduction to Geospatial Information Technology (GIT) in states affected by fragility, with a focus on remote sensing.

### **NOTE- How to access the course:**

Once you register for the course, you can access the online course here: <https://learnatunitar.org/course/view.php?id=408>

\*For any technical assistance related to this course, please contact **Ms. Sumeera Kamil** ([sumeera.kamil@unitar.org](mailto:sumeera.kamil@unitar.org))

### CONTENT AND STRUCTURE

The e-learning course is structured into 4 modules:

1. Introduction to GIT in Fragile Contexts
2. What Can Satellites See?
3. GIS analysis for Fragile States
4. How To Use Our Online Platform (E04SDFCV)

## METHODOLOGY

This self-paced course promotes an interactive approach through lessons and multimedia material, stimulating critical thinking. It provides a lot of flexibility, since you will be able to complete the course at your own pace and timeframe.

Each interactive module is accompanied by a quiz.

To receive a Certificate of Completion one needs to achieve a minimum grade of 80% on each quiz.

## ADDITIONAL INFORMATION

**Technical Requirements:** The course is delivered through UNITAR's Virtual Learning Environment and participants will require a reliable internet connection throughout its duration.
